BROTHERHOODS URGED TO POSTPONE CALLING OF STRIKE FOR ANOTHER WEEK

Rumanian Troops Force Their Way Into Hungary; Kronstadt Is the Immediate Objective

Mountainous Region of Eastern Hungary Sees First Engagements Between Forces of Ferdinand and Franz Joseph

AUSTRIANS OWN TO BEING DRIVEN BACK

Fighting of a Severe Nature Continues on the Saloniki Front—Artillery Duels on the Western Front.

(By Review Leased Wire.)
Rumania's invasion of Austria-Hungary territory continues in the mountainous region from Pre-trozy, on the railway north-east of Orsova to the Gyrgo Mountains, 80 miles north of Kronstadt. On the Danube, from the Iron Gate to Giurgevo, Rumanian troops, there have been reciprocal bombardments at several points by Austro-Hungarian warcraft and Rumanian shore batteries. A Zeppelin and a hostile aeroplane have dropped bombs on the Rumanian capital.

Austria's acknowledgment of the retirement of her forces in the mountainous region to previously prepared positions in the rear has been followed by claims by Rumania that the troops of King Ferdinand have arrived at a point within three miles of Kronstadt, the chief commercial city of Transylvania. Vienna admits that the Rumanians are engaged with the Austrians in the Gyrgo Mountains which shows that off the northwestern frontier of Rumania, hostile forces have invaded Transylvania sectors.

While Bulgaria has not commenced hostilities against Rumania, a news agency dispatch says Rumania has decided to send an ultimatum to Bulgaria demanding the evacuation of Serbia. A dispatch from Constantinople indicates that Turkey has declared war on Rumania.

In the Macedonian theatre violent fighting continues between the entente allies and the Austro-Germans and Bulgarians. On the Struma front, near Lake Dorian, batteries of the entente have violently shelled Bulgarian positions. Drama, in the northeast of Greece, has been seized by the Bulgarians after a fight with Greek troops, according to unofficial advice. An Albanian detachment, under Easad Pasha, has arrived at Saloniki to aid the entente forces. An unofficial dispatch from Athens says the remobilization of the Greek army is under consideration.

Except for an extension of the British lines south of Martinpuich on the Somme there has been little activity except by artillery on the part of any of the belligerents on the western battle line. In the Carpathian region the Russians have captured Pankov Mountain and Rafalev, near the Hungarian Border.

FROM BUCHAREST.
BUCHAREST, Aug. 29.—(Via London, Aug. 30.)—Rumanian troops have made progress in their crossing of the Austro-Hungarian frontier and have reached several points, including a village east of Kronstadt, says an official statement given out by the Rumanian war office today. More than 740 prisoners already have been taken.

BAR ASSOCIATION MEETS.

CHICAGO, Aug. 30.—Nearly a thousand members of the American Bar Association, among them William H. Taft, were present at the opening of the annual session of the organization today. Ellhu Root, president, addressed the members on "public service" urging all Americans to increase and conserve their powers in their several fields of action against the time of world wide competition which must follow the war.

Speaking of the defective administration of the law, Mr. Root ascribed as the underlying cause the false assumption of the people and the bar as to their true relations to judicial proceedings.

Other speakers were John W. Davis, solicitor general of the United States; William H. Taft, former president; and Mahlon Pitney, associate justice of the United States Supreme Court.

SHERIFF BADLY WOUNDED BY MOB

Infuriated People Nearly Kill Officer When He Refuses to Give up Negro Accused of Assault on Woman.

(By Review Leased Wire.)
LIMA, O., Aug. 30.—Enraged at the success of Sheriff Sherman Eley in spiriting Charles Daniels, a negro accused of assaulting Mrs. John Barber, young wife of a prominent farmer, out of their reach early this evening, a mob tonight captured the sheriff, seriously wounding him, placed a noose around his neck and forced him to direct a cortege of one hundred automobiles into the rough country north of this city, where it is supposed the negro prisoner has been hidden. The motor mob with Sheriff Eley was not located at a late hour, after desperate fighting where they had overpowered the Lima police and fire department, broke into the jail and the court house and the residence of the sheriff and forced the sheriff's wife and other women to flee from their anger with a small baby in arms.

The mob formed around the jail before dusk and the leaders demanded admittance. Chief of Police Kinney called out his entire force but the officers were overpowered in a hand to hand fight. The mob was heavily armed. It was announced that the negro had been taken by Sheriff Eley to the state hospital for the criminal insane and that the jail was guarded by but one deputy and the sheriff's wife. Refusing to accept the announcement the mob forced Mr. Eley to open the cells.

Sheriff Eley returned at 9:40 o'clock and was met by the mob at the city limits. They demanded that he deliver the prisoner or tell where he was hidden. The sheriff reached his residence and refused to give up the prisoner. The mob then broke in the front as Eley escaped out the rear. He was later captured at the Elks Club, his clothes were stripped from his body and he was battered and kicked by the mob. Some of his ribs were broken. A rope was taken from the trolley of a street car and the noose placed about his neck. Eley held out even after the mob had thrown the noose over the cross arm of a telephone pole.

"Kill the nigger's protector," yelled the crowd as the mob swayed over the sheriff, knocking him to the pavement. (Continued on Page Three.)

CARRANCISTAS PREPARING FOR AMERICAN EVACUATION OF MEXICO

(By Review Leased Wire.)
FIELD HEADQUARTERS AMERICAN PUNITIVE EXPEDITION, Mex. CAN, Aug. 30.—Three hundred Carrancistas have appeared as garrisons at Casas Grandes, Pearson and other small towns near the headquarters of the American punitive expedition. It was learned today that attempts are being made by the de facto government to reorganize the rurales, the military police with which Porfirio Diaz controlled the section.

The attitude of the Carrancistas toward the American command has been friendly and no Mexican force has garrisoned Colonia Dublan, the Mormon village, midway between the headquarters camps and Casas Grandes. The arrival of the troops under the command of Colonel Ricardo Cortina, originally of Durango City, followed a recent trip of inspection of General Gabriel Gaviro, inspector general of the Carrancista forces. Announcement was made by the Mexican authorities that the soldiers will be supported by a newly formed command of rurales in the Galena district.

CARRANCISTAS TO BORDER.
EL PASO, Aug. 30.—More than a

WILLIAMS RELEASED ON SUSPENDED SENTENCE
TOMBSTONE, Aug. 30.—(Special)—John Williams, who has been employed as porter by Gus Wilde for some months, was convicted in the superior court this afternoon of selling liquor. The jury in the case was about sixteen minutes and brought in recommendations of leniency to the court with its verdict.

As a consequence the court, in pronouncing sentence, inferred that Williams had been used in the sale of intoxicants and gave the negro a suspended sentence of two years in jail. Williams left this afternoon for Bisbee with the firm determination to keep away from any further sale of liquor in the future.

REGULARS STOP IN WARREN ON PRACTICE

First Battalion of Eighteenth Infantry, Through Bisbee From Ten Day Hike in the Country Under Maj. Cobbe

Under the command of F. W. Cobbe, the First Battalion of the Eighteenth Infantry, stationed at Douglas, arrived in the District yesterday afternoon and camped in the town of Warren. This morning the unit will proceed to Forest Station and from there will go back to camp in Douglas.

The battalion has been on a ten-day hike, leaving Douglas August 21. The line of march, from the start, included Forrest Station, Naco, Hereford, which was made by a forced night march, Jack's place, Fort Huachuca, Fairbank, Tombstone, Ryland School, at the end of Tombstone Canyon, and thence to Warren.

So far only two men out of 557 men in the battalion have dropped out. One was taken down with an attack of appendicitis and the other suffered an injury to his foot. Outside of these two cases no other trouble was encountered on the entire march.

"The condition of the men is excellent," declared Major Cobbe last evening. "We have had but two cases of trouble on the march. If hiking can be made good sport I think the battalion has made the most of it. We go to Forest Station tomorrow and then back to Douglas where we are camped."

While in Bisbee Major Cobbe saw several old friends in the Twenty-second Infantry, notably Col. Frank D. Webster and Captain Robert Whitfield, with whom the Major served for a year in Alaska several years ago.

NEW YORK, Aug. 30.—Regular quarterly dividend of 1/2 per cent on the common stock and an extra dividend of 2 1/2 per cent were declared here today by E. I. Dupont de Nemours and company, powder manufacturers.

thousand Mexican troops have arrived in Juraz recently from the south and are being detailed to border patrol duty. In anticipation of the expected withdrawal of the American expeditionary column it is said at the comandancia at Juraz, others have been sent to garrison the towns along General Pershing's line of communication. Colonel Cortina's command was withdrawn recently from Tamalipas.

VILLISTAS BURN WIDOW.
CHICHUHA CITY, Aug. 30.—Reports received by military authorities here tonight said that when the Villa bandits captured the town of Satevo, fifty miles south of here last Friday, they burned a widow named Ruiz alive and shot her son Agustín Ruiz. It was charged, according to the reports that the two had given information to officers of the American expeditionary column when it pursued Villa through that town several months ago.

While rumors were current here today that Villa himself was in command of the outlaws when they captured...

INJUNCTION IS GRANTED AGAINST STRIKE

Nebraska and Kansas Courts Grant Petitions of Trainmen and Engineers Against Brotherhoods on the U. P.

CONSTITUTION OF ORDER IS VIOLATED

Kansas Engineer Alleges That He Will Lose Chance for a Pension, on One Hand, or Insurance if They Strike.

(By Review Leased Wire.)
OMAHA, Aug. 30.—A temporary injunction restraining the general and local officials of the order of railway conductors from calling or enforcing a strike on the lines of the Union Pacific Railroad was issued by Judge Willis G. Sears of the district court of Douglas County here today. Saturday, September 10, was set for a hearing whether the injunction shall be made permanent. Application for the injunction was made by Edwin E. Hamilton, a member of the Order of Railroad Conductors. The suit filed by Hamilton names the national and local officials of the Order of Railway Conductors as defendants.

In his petition Hamilton asserts that the strike order is a violation of the constitution of the conductors' organization, which provides for a two-thirds vote on any road where a strike is to be called. A change in this provision last May, so that a two-thirds vote of all concerned in a general wage movement governs all employees of railroads, violates the constitution of the order, Hamilton asserts.

Another Injunction

KANSAS CITY, Aug. 30.—A temporary injunction restraining the local and national officers of the Order of Railway Conductors from calling out members of the order on strike was issued by Judge T. J. Seehorn in the district court here late today. The injunction was made returnable Saturday and was made out to the name of Charles A. Brown, 66 years old, of Bonner Springs, Kansas, a conductor on the Union Pacific Railway for 31 years.

Brown in the petition, alleges that should he go on strike he would lose his opportunity to retire on a pension of \$80 a month in four years, while if he does not go in the impending movement he will forego his insurance in the order which he has kept for many years.

The petition also alleges that the majority of the members of the order employed on the Union Pacific voted against a strike and that union officials availed themselves of the technicality in the rules to overcome the vote.

IMPERIAL ORDER PUBLIC.

BERLIN, Aug. 30, via London.—The Imperial order of Emperor William removing General Erich von Falkenhayn as chief of the general staff, reads as follows: "Not wishing to oppose your desire to be relieved of your office, I seize the opportunity to thank you heartily for the devotion and loyalty you have displayed during the last two years to your heavy and reasonable office to which you have devoted all your strength and initiative. What you especially accomplished in your energetic and foreseeing labor and in your indefatigable forethought for the army and the fatherland never will be forgotten."

MILITIA RECALLED.
WASHINGTON, Aug. 30.—Orders for the return to their state mobilization camps of 15,000 national guardsmen now on the Mexican border were issued by the war department tonight. General Funston was directed to return three regiments from New York, two from New Jersey, two from Missouri and one each from California, Oregon, Washington and Louisiana.

Secretary Baker announced the order after a conference with President Wilson at the White House. Earlier in the day the department had ordered to their home stations 6,000 regular coast artillerymen who have been serving as infantry on the border.

Regiments to be sent home were not designated by number and it is understood their selection is up to General Funston.

Department officials think there is ample force on the border now to insure proper protection. The policy now is to give all state troops called into the federal service opportunity to see service on war footing on the border.

NEAR-MUTINY IN NEW JERSEY MILITIA

Company M, 4th New Jersey Guard, Refuses to Act Under Officers Chosen by the Commander of Regiment.

(By Review Leased Wire.)
DOUGLAS, Aug. 30.—Company M, Fourth New Jersey Infantry, from Hoboken, turned out armed with bayonets early today, refusing to drill on the ground that Colonel George T. Vickers, commanding officer of the regiment, was attempting to force them to elect First Lieutenant Hugh M. Gillespie, commander of Company C, as their captain. It was said, at the regimental camp today.

The men wish to elect their own first lieutenant, Arthur H. Esterly, to the vacancy, but say they were prohibited from doing so by an official "request" from Colonel Vickers that they elect Lieutenant Gillespie. They refused to hold the election. It is stated, until such time as they could elect their own choice.

After the men refused to drill an order was issued assigning Lieutenant Frank S. Wells to the command of M Company, temporarily, vice Captain William M. Kroogs, who left tonight for his home on thirty days leave of absence pending acceptance of his resignation. After Lieutenant Esterly pleaded with them the insubordinate company laid down its bayonets and consented to drill under Lieutenant Wells.

Last night the men of M Company paraded the camp streets carrying a (Continued on Page Two.)

CONGRESS PAVING NEW WAY FOR ACTION TO STOP STRIKE THREATENED NEXT MONDAY

Leaders of Brotherhoods Are Besieged by Administration to Cancel or Postpone Strike Until Such Time as Congress May Be Able to Give the Question Full and Considerate Thought Before Acting on the Matter.

Leaders Declare That the Revocation of Order Is Entirely Out of Their Hands—Senate Interstate Commerce Committee Considers Legislation and Will Hear Both Sides to the Controversy Today for Six Hours.

(By Review Leased Wire.)
WASHINGTON, Aug. 30.—All the influence of the administration was brought to bear today in an effort to persuade the railroad brotherhood leaders to cancel or postpone the order calling a nation-wide strike Monday, while leaders in Congress began paving the way for legislation designed to prevent or stop the threatened industrial catastrophe. Little progress was made in either direction, but nevertheless in official quarters they were still prevailed that in one way or the other the walkout would be averted.

To the spokesman of President Wilson who appointed them, all the brotherhood officials gave the same reply, that they had no power to recall the strike order and that only one thing—a satisfactory settlement—could keep the men at work after Labor Day. Further pressure will be brought to bear and as a last resort the President is considering a public appeal to the men to have the order rescinded.

Apparently the legislation which is being counted upon to stay the brotherhoods in that part of the President's program which would fix an eight hour day for railroad employees engaged in operating trains in interstate commerce and provide for an investigation of its effects by a commission or board. This embodies the principal features of the President's original plan, accepted by the trainmen, and W. G. Lee, head of the trainmen, said tonight that its enactment with a guarantee that the matter would receive prompt action in Congress might go far toward satisfying the brotherhoods.

The Senate virtually sidetracked the emergency revenue bill for an all day debate on the crisis, while the interstate commerce committee arranged for hearings beginning at 9 o'clock tomorrow morning when representatives of both sides will be heard. Three hours will be given to each side and then the committee will begin drafting legislation into shape for presentation to the Senate Saturday.

MONTANA PRIMARIES.

HELENA, Mont., Aug. 30.—With returns from about one half the counties in the state, but none complete, and perhaps one third of the votes counted, the nominees as the result of yesterday's state-wide primary appeared today to be as follows: United States senator—M. L. Myers, Democrat; C. N. Pray, Republican.

Governor—S. V. Stewart, Democrat; F. J. Edwards, Republican.

Congress—J. M. Evans and William Cutts, Democrats; G. W. Farr and Miss Jeannette Rankin, Republicans.

STRIKE LESSONS.

CHICAGO, Aug. 30.—Likelihood of a general strike of freight handlers was lessened tonight when union leaders declared that five railroads had announced their willingness to accede to the men's demands. The strike was against an order forbidding business agents of the union from collecting dues from members during their hours of work.

The roads which acceded to the demands of the men are the Rock Island, Illinois Central, Great Western, St. Paul and Nickel Plate.

Establishment of eight hours as the day's work for railroad employees operating trains in interstate commerce and the appointment by the President of a wage commission of three members to observe the administration and financial effects of the eight hour day, the President to submit its recommendations to the interstate commerce commission; wages of employees not to be reduced for a period to be determined below the present standard day wage pending the report, and propose a portion to be paid in excess of eight hours.

Amendment of existing legislation directing the board of mediation and conciliation, if unable to induce parties to submit controversies to arbitration, to refer differences to a board for investigation pending decision of the employers to cause a lockout or employees to cause a strike; each party to controversy to name one member of the board of three members.

Immediately after the tentative legislation had been made public general debate was begun in the Senate on the controversy, Senator Cummins opening the discussion. The Iowa senator asserted compulsory arbitration was impracticable and unconstitutional and that any attempt to fix maximum wages by law although within the power of congress, was doomed to failure, and that legislation to prevent strikes by force of law would be a practical prohibition (Continued on Page 2)

EMBARGOES ON ALL RAILROADS; EXECUTIVES PREPARE FOR STRIKE

(By Review Leased Wire.)
CHICAGO, Aug. 30.—Throughout the entire country today the railroads gathered their forces to oppose the strike set for next Monday. A summary of the situation, made by E. P. Ripley, president of the Atchison, Topeka and Santa Fe, who was a member of the committee that saw President Wilson, intensified the pessimism felt here.

Mr. Ripley asserted the railroads can now see no hope of a settlement before Labor Day and are making every preparation for eventualities. Practically every principal railroad in the country has issued embargoes or is preparing to give them. They affect perishable freight and livestock and passengers. Agents everywhere were instructed to warn passengers of probable delays and not to accept any perishable freight which could not be delivered before September 4.

In most cases the date was set for Saturday the 2nd, or Sunday. The parley of high railroad officials who were called to Chicago today, included Mr. Ripley, who was chosen spokes-
